RESEARCH PROPOSAL SUBMISSION SYSTEM 2023

In 2023, the research submission system for class 2020 students has 2 options, there are:

- 1. Consultation and discussion with Agribusiness Lecturers**
- 2. Research Proposal Submission Acceleration Program**

More detailed description of each option:

1. Consultation and discussion with Agribusiness Lecturers

- In this option, the lecturer who is invited to discuss and consult automatically becomes a supervisor, with the following conditions:
 - a. Have carried out consultations and discussions with lecturer concerned, accompanied by evidence of statements from the lecturer concerned (Appendix 1)
 - b. Have a research topic that contains (name, NIM, title, background, research objectives, bibliography using mendelay)
 - c. The research topic is equipped with 1 main journal (International Journal / Accredited National Journal) and 9 supporting journals (International Journal/National Journal)
 - d. Letter of approval to carry out research from research locations in companies (if research is in companies, KUD, cooperatives, banks, LPD, etc.), for research in subak, village and sub-district object is not necessary. Letter templates are in Appendix 2.
 - e. Submission of research to a company unit must meet the company requirements determined by KPUP
 - f. 1 lecturer in this option is only given a maximum quota of 5 students
 - g. Submission of research proposal (according to SOP for Submission of Research Proposals on the next page)

2. Research Proposal Submission Acceleration Program

- If the students follow this program, students must prepare the following equipment:

- a. Make a topic based on the recommendation of KPUP topic (Appendix 3) and research containing (name, NIM, title, background, research objectives and bibliography using mendelay) → **brought to the workshop**
- b. Research topic include 1 main journal (International Journal / Accredited National Journal) and 9 supporting journals (International Journal / National Journal)
- c. Letter of approval to carry out research from research locations in companies (if research is in companies, KUD, cooperatives, banks, LPD, etc.) for research in subak, village and sub-district objects is not necessary. The letter templates is in Appendix 2 → **brought to the workshop**
- d. Submission of research to a company unit must fulfill the company requirements determined by KPUP
- e. Participate in a workshop to accelerate the submission of research proposals which will be carried out on May 31, 2023, until complete
- f. After attending the workshop, students will be distributed with thesis advisors → submission of research proposals (according to the SOP for Submission of Research Proposals on the next page)
